Directions for Use

Use as single product application in laundry machine wash cycles.

Top Load Machines (10-20lbs): Use 42-84 mL (1.5-3 oz) depending on the size of load and soil conditions.

Front Load Commercial Machines: Use 168-364 mL (6-13 oz) per 100 pounds machine.

Note: This product works well in cold water but better in warm to hot water.

Contact your laundry specialist for specific use directions to fit your needs.
