

Pro Laundry Softener

Premium Liquid Fabric Softener

Product Features

- Highly concentrated
- Can be used on most fabrics including cotton, linens, and synthetic blends.
- Reduces water absorbency, leading to less drying time
- Reduces static cling and inhibits static build up
- Non-yellowing
- Leaves fabrics soft and fluffy
- Contains optical brighteners

Description

PRO LAUNDRY SOFTENER is a fabric softening liquid specially formulated for use in commercial and on premise laundries. The product is suitable for application on most types of fabric and can be manually or auto-dosed.

PRO LAUNDRY SOFTENER is a fabric conditioner based on biodegradable cationics, quaternary ammonium salts. In the wash solution, these positively charged cationics adsorb to the negatively charged surface of fabrics. Once adsorbed onto fabric the cationic has a lubricating effect. During the drying process, this prevents interlocking of individual fibres and build-up of static electricity (especially on synthetic fibres). In addition lubrication facilitates ironing/calendering. The product has also been formulated with perfume, which leaves a pleasant smell on fabric. This product can be used for most types of fabrics, but is particularly effective on bulked or textured fabrics such as towels. It also imparts a smooth, silky feel on woven or flat knitted fabric.

Product Properties

Appearance	Pink liquid
Odour	fresh
Specific Gravity, at 20°C	0.99-1.09 kg/L
Flash Point	None
Freeze Point	0°C
pH, 1% solution, at 20°C	3-7
Shelf Life	1 year minimum

Applications include

- Commercial laundry
- Industrial laundry
- Residential laundry

Directions for Use

Use product in the final rinse cycle by adding 28-56 mL (1-2 oz) per 100 lbs of laundry.

Contact your laundry specialist for specific use directions to fit your needs.

Contains: quaternary ammonium compound.

Please note that this product should not be used on articles made of micro polyester fibres such as cleanroom garments and water repellent theatre linen and cleaning microfibre cloths/wipes.

Contact your laundry specialist for specific use directions to fit your needs.
