

Radiance

Concentrated Liquid Wax and Drying Agent

Product Features

- Improves water beading & decreases drying time
- Leaves a shiny finish every time
- Adds luster and reduces streaking
- Provides excellent water beading and reduces drying time
- Protects clear coat & paint finish
- Phosphate free, environmentally conscious

Description

A concentrated liquid wax and drying aid for use in hot and cold water applications, in any automatic car wash or wand wash facility. This product will decrease drying time for washed cars through improved beading of rinse water and will add luster to vehicle finishes. It also reduces oxidation and weathering.

Directions for Use

This product is added to the final rinse of the wash cycle. It can be diluted manually or through a metering system.

Usually 1.25-1.5 oz of product per car is sufficient for good water removal. An additional 0.5-0.75 oz per car will provide added luster. These ratios may also vary depending on water and wash conditions.

Applications include

- Commercial Vehicle Washes
- Industrial Cleaning
- Pressure Washing

Available Packaging

20L Pails
205 L Drums
1000 L Totes
