

# TruSeal

## Acrylic Floor Sealer and Base Coat

### Product Features

- Protects from stains caused by matting, tar, and rust. Protects against deterioration caused by years of stripping operations.
- Increases clarity and gloss of subsequently applied floor finishes.
- Semi-permanent. Eliminates need to seal after every stripping cycle.
- Levels and dries streak-free in 30 minutes.

### Description

TRUSEAL is a semi-permanent floor sealer that resists the action of normal strippers and the mechanical action of floor machines. It can be applied over resilient and non-resilient substrates and one or two coats will effectively seal porous floors. Superior holdout allows floor finish to build gloss without being absorbed into the substrate.

### Product Properties

Appearance	Opaque white liquid
Specific Gravity, at 20°C	0.95-1.05 kg/L
Flash Point	none
Freeze/Thaw Stability	Protect
pH, (concentrate)	6-8
Scent	Characteristic
Solubility	Miscible
Shelf Life	1 year minimum

### Directions for Use

**PREPARATION:** If floor requires stripping use recommended stripper as directed. If floor is in good condition, ensure floor is thoroughly clean and dry before applying TRUSEAL.

**APPLICATION:** If floor is in good condition, ensure floor is thoroughly clean and dry. Apply 1-2 thin uniform coats with a finish mop of application machine. Drying time is about 15-30 minutes. Recoat time is a minimum of 1 hour. If the floor is porous, extend recoat time to well beyond 1 hour.

### Available Packaging

2 x 10 L Case  
20 L Pail
