

Oxy Wash

High-Performance, Color-Safe Peroxygen Laundry Powder

Product Features

- Safe and effective on all linens and fabrics, including colors and delicates
- Provides oxygenated bleaching action for enhanced stain removal and brightness
- Works in all water temperatures and conditions
- Loosens, lifts, and suspends soils for complete cleaning and free rinsing
- Suitable for all soil classifications
- Fresh lemon scent for clean, bright-smelling linens

Description

OXY WASH is a powerful oxygenated, color-safe laundry detergent for use on all washable fabrics. This commercial-strength formula provides safe, fast, and effective bleaching and stain-fighting performance without the risks associated with chlorine bleach. It removes tough embedded soils in all water temperatures and conditions, while helping maintain fabric brightness and color integrity.

The blend of surfactants and oxygen bleach works to loosen, lift, and suspend soils for complete cleaning and free rinsing, ensuring linens come out bright, fresh, and clean. The product features a fresh lemon scent for enhanced linen appeal.

Product Properties

Appearance	white, powder
Odour	lemon
pH, 10% solution	>12.5
Shelf Life	1 year minimum

Available Packaging

- 10 kg pail
- 20 kg pail

Applications include

- Commercial Laundry – Restores brightness to heavily soiled linens in hotels, hospitals, and nursing homes.
- Restaurants & Catering – Removes food stains, grease, and spills from white tablecloths, napkins, and kitchen linens.
- Industrial & Workwear – Eliminates body oils, sweat, and cosmetic stains from uniforms, lab coats, and medical scrubs.
- Athletic & Fitness – Cleans and brightens white towels, jerseys, and workout gear exposed to sweat and dirt.

Directions for Use

Use OXY WASH by adding the following amounts depending on soil load and machine type:

Commercial machines:

- Light soil: 240-480 mL (8-16 oz) per 100 lbs of dry laundry
- Heavy soil: 360-600 mL (12-24 oz) per 100 lbs of dry laundry

Top-loading machines:

- Light soil: 120 mL (4 oz)
- Heavy soil: 180 mL (6 oz)

Contact your laundry specialist for specific use directions to fit your needs.
