

Oxy Wash

Commercial-Grade Oxygenated Laundry Powder for Heavy-Duty Soils

Product Features

- Safe and effective on all washable, colorfast linens and fabrics, including colors. Not recommended for wool, silk, or other protein/animal fibres.
- Unleashes active oxygen to safely lift organic stains, eliminate odors, and restore fabric brightness without chlorine
- Formulated with advanced water conditioners; cleans in all conditions but maximizes oxygen-bleaching action in warm-hot water
- Advanced polymer technology traps and suspends lifted soils in the wash water to prevent redeposition and graying
- Ultra-concentrated, high-alkaline formula contains no cheap fillers for superior cost-per-wash value.

Description

Tough on Stains. Safe on Color. OXY WASH is an ultra-concentrated, commercial-grade laundry powder engineered for heavy-duty soil removal. Formulated without unnecessary fillers, this powerful detergent relies on an advanced triad of active oxygen bleach, heavy-duty alkalinity builders, and premium anti-redeposition polymers. It provides safe, fast, and effective bleaching and stain-fighting performance without the fabric-weakening risks associated with chlorine bleach.

Designed for commercial and industrial applications, OXY WASH instantly conditions hard water, cuts through heavy oils and greases, and suspends soils for a completely free-rinsing finish. For optimal oxygen activation and stain-lifting power, this product is best used in warm to hot water. Features a mild citrus scent for enhanced linen appeal.

Product Properties

Appearance	white, free-flowing powder
Odour	mild citrus
pH, 10% solution	>12.5
Bulk Density	0.97-1.03
Available/Active Oxygen	>2.5%
Solubility	Readily soluble
Shelf Life	1 year minimum

Available Packaging

10 kg pail
20 kg pail

1451 Highway Ave SE Redcliff, AB
Phone: (403) 528-4220
Fax: (403) 528-9010

Applications include

- Commercial Laundry – Restores brightness to heavily soiled linens in hotels, hospitals, and nursing homes.
- Restaurants & Catering – Removes food stains, grease, and spills from white tablecloths, napkins, and kitchen linens.
- Industrial & Workwear – Eliminates body oils, sweat, and cosmetic stains from uniforms, lab coats, and medical scrubs.
- Athletic & Fitness – Cleans and brightens white towels, jerseys, and workout gear exposed to sweat and dirt.

Directions for Use

Use OXY WASH by adding the following amounts depending on soil load and machine type:

Machine / load	Soil level	Dose (weight)
Commercial (per 100 lb / 45 kg)	Light	8–12 oz (225–340 g)
	Medium	12–18 oz (340–510 g)
	Heavy	18–24 oz (510–680 g)
Top-load (per ~10–12 lb load)	Light	1-2 oz (30–60 g)
	Heavy	2-3 oz (60–90 g)

Best practice notes:

- Warmer water (40–60 °C) maximizes oxygen bleaching
- Pre-test on colored or uncertain items before full loads.
- Increase dose in hard water or for heavy/greasy soils.
- Never combine with chlorine bleach or acidic products.

Contact your laundry specialist for specific use directions to fit your needs.
